DETAILED ACTION

Page 2

1. This application is in condition for allowance except for the following formal matters:

In the Oath/Declaration:

There is a discrepancy in the heading where it states "Full Name of Second Joint Inventor". It appears that it is a typographical error, since there are no joint inventors in this application. Clarification and correction is requested.

In the Drawings:

The drawings are objected to as failing to comply with 37 CFR 1.84(p)(4) because reference character "20" has been used to designate both *center axle* and *threaded rod*. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

In the Specification:

The abstract of the disclosure is objected to because the language <u>repeats information</u> given in the title. Therefore the "title" appearing on the top of the page should be deleted. <u>See MPEP § 608.01(b)</u>.

Application/Control Number: 10/738,545

Art Unit: 3711

In the Claims:

Claim 7 is objected to because of the following informalities: in lines 6 and 7, "allow to"

should be deleted and -- allowed to be -- inserted instead. Appropriate correction is required for

the above objection.

Prosecution on the merits is closed in accordance with the practice under Ex parte

Quayle, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire TWO MONTHS

from the mailing date of this letter.

2. The prior art made of record and not relied upon is considered pertinent to applicant's

disclosure. Bird; Busch; Groves; Hellyer; Hollis; James; Lande; Lin; McKinney; Morelli et al;

Prieto; Wilson; Wright.
